

Library Services... On the road!

How can the San Mateo Public Library have an even greater presence in our community? One way is to go beyond its walls with a new outreach vehicle! Smaller than a bookmobile, this innovative **pop-up library** will bring learning and literacy activities to local parks, recreation and senior centers, schools, and street festivals in order to...

- Deliver library materials to homebound patrons
- Distribute free books to preschools and nonprofits
- Provide activities at retirement communities
- Register community members for a library card

Imagine the delight of these families and groups when the pop-up library visits them! With funding support, other special features of the vehicle can include...

- Emission-free, cost-efficient green engineering
- WiFi hotspot and other technology for patrons
- Retractable awning for shade & display
- Mobile bookshelf customized to roll down ramp
- Monitor screen signage and other A/V equipment

In addition, the outreach vehicle will promote the Library with effective marketing. The exterior will feature an attractive décor design with photos, graphics and the branding of the Library, the Foundation, and its major donors. **We hope you will join us in supporting this exciting project!**
